

To enrich lives through effective and caring service

March 4, 2010

Santos H. Kreimann
Director

Kerry Silverstrom
Chief Deputy

TO: Interested Parties

FROM: Santos H. Kreimann, Director

SUBJECT: Small Craft Harbor Commission Monthly Mailing

Based upon the County's financial condition, we have all been requested by our Chief Executive Officer to be particularly focused on instituting cost efficient and effective practices with respect to every aspect of our operations. Additionally, it has become standard in both the public and private sectors to "go green" with respect to document distribution. Accordingly, this will be your last monthly Small Craft Harbor Commission (SCHC) mailing sent through the postal service. Instead, the Department of Beaches and Harbors will commence electronic distribution of SCHC materials, which we estimate will save well over 25,000 pieces of paper annually, lightening our landfills by an equal amount, as well as reducing Departmental costs for paper, envelopes, postage, ink, etc., not to mention improving productivity.

Beginning with the April 2010 SCHC meeting, materials will be available in one of three ways:

- (1) On the Department's website at <http://marinadelrey.lacounty.gov>, by scrolling to the bottom of the page and clicking 'Department Calendar' and then on the SCHC meeting link, which is typically located inside the box of the second Wednesday of the month;
- (2) Via a link to the online meeting materials the Department will email you. If you would like to choose this option, please send an e-mail to SCHC-Secretary@bh.lacounty.gov with your name, mailing address, and phone number; or
- (3) As has always been the case, hard copies of the materials may be viewed at one of four locations: Department of Beaches and Harbors Administration Building; MdR Visitors Center; Chace Park Community Building; and Lloyd Taber-Marina del Rey Library.

If you have unique circumstances and require the SCHC meeting materials to be mailed to you via the U.S. Postal Service, please specify your circumstances and which materials (agenda, minutes, or exhibits) you would like mailed, as well as your name, mailing address, and phone number to: SCHC Secretary, Department of Beaches and Harbors, 13837 Fiji Way, Marina del Rey, CA 90292.

In advance, thank you for your cooperation in assisting us improve operations and reduce our environmental impacts.

**SMALL CRAFT HARBOR COMMISSION
AGENDA
March 10, 2010
9:30 A.M.**

Santos H. Kreimann
Director

Kerry Silverstrom
Chief Deputy

**BURTON W. CHACE PARK COMMUNITY ROOM
13650 MINDANAO WAY
MARINA DEL REY, CA 90292**

1. Call to Order and Pledge of Allegiance
2. Approval of Minutes: Meeting of February 10, 2010

3. **COMMUNICATION FROM THE PUBLIC**

This is the opportunity for members of the public to address the Commission on items that are not on the posted agenda, provided that the subject matter is within the jurisdiction of the Commission. Speakers are reminded of the three-minute time limitation.

4. **REGULAR REPORTS**

- a. Marina Sheriff (DISCUSS REPORTS)
 - Crime Statistics
 - Enforcement of Seaworthy & Liveaboard Sections of the Harbor Ordinance with Liveaboard Permit Percentages
- b. Marina del Rey and Beach Special Events (DISCUSS REPORT)
- c. Presentation by Beverly Moore, Director of MdR Convention & Visitors Bureau (DISCUSS REPORT)

5. **OLD BUSINESS**

- a. None

6. **NEW BUSINESS**

- a. Revised Small Craft Harbor Commission 2010 Meeting Schedule (ACTION REQUIRED)
- b. Bicycling on the Marina Promenade and Updating the County Bicycle Master Plan (PRESENTATION)

- c. Anchorage Replacement Plan – Parcel 125R (Marina City Club) – Marina del Rey (ENDORSEMENT REQUESTED)

7. **STAFF REPORTS** (DISCUSS REPORT)

- a. Ongoing Activities
- Board Actions on Items Relating to Marina del Rey
 - Regional Planning Commission's Calendar
 - Venice Pumping Plant Dual Force Main Project Update
 - Oxford Basin Project Update
 - Redevelopment Project Status Report
 - Unlawful Detainer Actions
 - Design Control Board Minutes
 - Parcels 49 and 77 Competitive Selection Process
 - Diversion of Ballona Creek Dry Weather Flow to Hyperion
 - Public Access on Strip of Land Between Ocean Front Walk and the Beach
 - Farmers' Market
 - Moderate Tsunami Damage Reported in Marina del Rey

8. **ADJOURNMENT**

PLEASE NOTE

1. The Los Angeles County Board of Supervisors adopted Chapter 2.160 of the Los Angeles Code (Ord. 93-0031 ~ 2 (part), 1993, relating to lobbyists. Any person who seeks support or endorsement from the Small Craft Harbor Commission on any official action must certify that he/she is familiar with the requirements of this ordinance. A copy of the ordinance can be provided prior to the meeting and certification is to be made before or at the meeting.

2. The agenda will be posted on the internet and displayed at the following locations at least 72 Hours preceding the meeting date:

Department of Beaches and Harbors Website Address: <http://marinadelrey.lacounty.gov>

Department of Beaches and Harbors
Administration Building
13837 Fiji Way
Marina del Rey, CA 90292

**SMALL CRAFT HARBOR COMMISSION MINUTES
FEBRUARY 10, 2010**

Commissioners: Russ Lesser, Chairman; Dennis Alfieri, Vice Chairman; Vanessa Delgado, Commissioner; Albert DeBlanc, Commissioner (un-excused absence)

Department of Beaches and Harbors: Santos Kreimann, Director; Gary Jones, Deputy Director; Paul Wong, Chief of Asset Management Division; Dusty Crane, Chief of Community and Marketing Service Division.

County: Thomas Faughnan, Principal Deputy County Counsel; Sergeant Escamilla and Lieutenant Gault, Sheriff's Department; Michael Tripp, Regional Planning.

Call to Order and Pledge of Allegiance:

Chairman Lesser called the meeting to order at 9:52 a.m. followed by the pledge of allegiance.

Approval of Minutes:

Chairman Lesser asked for a motion to approve the January 13, 2010 minutes. **Moved by Commissioner Delgado; seconded by Commissioner Alfieri; unanimously approved.**

Item 3 - Communication from the Public

Nancy Marino requested that the redevelopment status report be printed on legal size paper and that the report should include public projects. She also commented on the Parcels 49/77 RFP. Santos Kreimann responded that future status reports will be printed on legal size paper and include all projects.

Steve Whipple addressed the Commission and expressed his interest in setting up a farmers' market in Marina del Rey. Chairman Lesser asked about the status of action needed to authorize a farmers' market in Marina del Rey. Santos Kreimann stated language would need to be added to the Local Coastal Program. Commissioner Delgado suggested that conversations on this topic start now.

Jon Nahhas said he had sent an email to Chairman Lesser regarding the importance of the Local Coastal Program periodic review and suggested to have night meetings on this issue. Chairman Lesser stated that Santos Kreimann will ensure opportunity for public input on this issue.

Dorothy Franklin feels that the RFP is only open to large developers approved by the County. She expressed her favor for a farmers' market and the bylaws of Marina del Rey.

Chairman Lesser read a statement from the Los Angeles Airport /Coastal Area Chamber of Commerce supporting the Local Coastal Program.

Bruce Russell asked about past workshops to extend Burton Chace Park and wanted to know if Parcels 49 and 77 are being turned over to private developers. Santos Kreimann responded that the preliminary planning on the project is complete. There is an effort to secure grant funding before the next phase, construction documents, identifying the buildings, etc. The RFP is not a secret. It is in process of review. Any development will protect boating interests.

Carla Andrus is pleased that a farmers' market will be considered but she wanted to know why it needs to be piggy-backed with the pipeline projects. Tom Faughnan responded that farmers' markets have to be added to the list of permitted uses. It has to go through the Regional Planning Commission, the Board of Supervisors, and be approved by the Coastal Commission.

Commissioner Alfieri asked what the time frame is on getting the amendment approved. Santos Kreimann responded that it is a year out and has to go through Regional Planning, the Board of Supervisors and the Coastal Commission. Commissioner Delgado stated that the farmers' market will probably be a public/private partnership and it will take time to work out the details. Commissioner Alfieri recommended a separate committee with members of the public serving on the committee, including Carla Andrus. Commissioner Lesser asked to add this item on the monthly staff report.

David Barish suggested that a farmers' market should incorporate some of the unique elements of being at the water, and suggested selling advertising on the back of water bus tickets. He asked if the Bar Harbor lessee has submitted a financing delay notice and wanted to know if the Coastal Improvement Fund monies could go toward Burton Chace Park. He also commented on the statement from the Chamber of Commerce, stated the LCP does not allow development on Parcel OT or Parcel FF.

Santos Kreimann responded that lessee for Parcel 15 has submitted a financing delay notice and suggested that David Barish make a Public Records Request.

Bill Vreszk asked why public comments were moved to the beginning of the agenda and when the signs will be posted for no bikes on the Promenade. He asked about the status of construction on Esprit II and the Woodfin project.

Chairman Lesser said Public Comments were moved to the beginning of the agenda by an executive decision and that the Sheriffs reported on the burning boat at last month's meeting. Tom Faughnan stated that on March 10, 2010 the Woodfin project will go before the Regional Planning Commission.

Dan Gottlieb asked why the Parcel A parking lot is missing on most maps for Marina del Rey. Michael Tripp answered that Parcel A is located in the City of Los Angeles and not part of Marina del Rey.

Andy Bessette stated that there is already a farmers' market near Venice Library. He complained about the status report and about the tardiness of the Commissioners. He disagreed with moving the Public Comments to the beginning and does not like the way the room is set up. He asked about the Board of Supervisors' action on the 30% increase to the water rate.

Chairman Lesser agreed that the 30% water increase was exorbitant. He also likes the other seating arrangement where he is facing people during meetings but has no object to the current set up.

Item 4 – Regular Reports

Lieutenant Gautt presented the monthly Crime Report and statistics. Liveaboard percentages are improving. The Sheriff's Department has followed through with the idea of informal citations on vehicles to remind people to lock their cars. He brought an example of the citation forms and said it can be provided to the security personnel of the lessees. New signs will be posted on the Promenade citing the L.A. County code prohibiting bicycling on pedestrian pathways and sidewalks. He explained that the arson investigation is still in progress and that there is no further information to report at this time. He stated that recent storms have caused sand to build up causing a shoaling problem on north jetty. The Sheriff's Department has moved buoys back to alert boaters.

Sergeant Escamilla reported that the most common crime is still theft from vehicles because people leave valuable items clearly visible. There were seven grand thefts of motorcycles; they are working with LAPD to solve this. A burglar was arrested and tied to two other burglaries with fingerprint evidence.

Bill Vreszk asked when signs will be posted for no bicycling on the promenade. Paul Wong responded that signs are in procurement.

Nancy Marino has documented photos of people riding bicycles right past the signs that say no bicycling. She says the problem is due to no access to bike path.

Dusty Crane reported on special events.

Jon Nahhas wanted to know who sponsors the Fisherman's Village concert series, wanted to see more recreational programs, stated Sheriffs should notify boaters of danger of shoaling, And bicycles need access to bike paths. Santos stated that the County does not sponsor the concert series.

Lieutenant Gautt responded that the shoaling notice was distributed by Sheriffs and Beaches and Harbors by press release and by the Coast Guard.

Item 6a – Approval of Amendment No. 1 to Lease No. 5491-Parcels 30S (Del Rey Yacht Club)

Paul Wong explained this amendment is simply to update insurance provisions. This parcel is not up for rent adjustment. **Moved by Commissioner Delgado; seconded by Commissioner Alfieri; unanimously approved.**

Item 6b – Approval of Amendment No. 9 to Lease No. 6001-Parcels 22R (Foghorn Inn)

Paul Wong explained this amendment is simply to update insurance provisions. This parcel is not up for rent adjustment. Santos Kreimann explained that the insurance requirements are provided by County Risk Management, those are the minimum coverage requirements. **Moved by Commissioner Delgado; seconded by Commissioner Alfieri; unanimously approved.**

Item 6c – Marina del Rey Local Coastal Program – Periodic Review Update

Gina Natoli with the Department of Regional Planning (DRP) gave an update on the County's response to the Coastal Commission's Periodic. DRP is looking for input from the advisory bodies in the Marina. Comments and suggestions can be submitted in writing, by email or by telephone, or next week at the Design Control Board Meeting and in two weeks at the Regional Planning Commission meeting. This item will go to a hearing before the County Board of Supervisors at the beginning of April 2010, with the County's response to the Coastal Commission due by April 29, 2010.

Chairman Lesser noted the County opposition to four items, he agrees with them all; the requirement there should be no reduction in number of boat slips is not possible; the Bus Shuttle is too expensive in this economic climate to be viable; replacing each lost parking space with two parking spots seems illogical when studies show we have excess parking; the Beauty/Architectural Committee is too specific to be part of the Coastal Plan. He is not certain what defines an Environmentally Sensitive Habitat Area.

Gina Natoli stated that there are no Environmentally Sensitive Habitat Areas within Marina del Rey, but she is only talking about terrestrial as opposed to marine resources, which are in the jurisdiction of the Coastal Commission. Area A is not part of the Local Coastal Program, as the wetlands of Ballona Creek are not part of Marina del Rey. Parcel 9 and Oxford Basin are not part of large contiguous blocks that qualify as Environmentally Sensitive Habitat Areas.

Commissioner Delgado expressed interest in hearing community input on this.

Andy Bessette commented about public opposition to the existing Local Coastal Program; the slip size study, and competency of County management .

Dan Gottlieb stated that Parcel 9U has rare Blue Herons that also live in the trees near Villa Venetia. He questioned the quality of the slip size report.

Jon Nahhas expressed his doubts that Commissioner Delgado is sincere in her request for public input, stated we needed a boating study by public workshop that is qualitative and quantitative, that the Slip Sizing Study was done by a long time County consultant, using County data, and that we need an independent boating study.

Santo Kreimann responded that there has been talk that the study was not independent or that the information was tainted. The info was compiled by the Department of Beaches & Harbors and other marinas in a 60 mile radius. The slip study was independent and was performed by a reputable company. DRP made great efforts to include the community in this process. Gina Natoli has received impolite emails and she has been attacked in public forums. Mr. Nahhas has made comment after comment that we are incompetent to even perform this study while he has had every opportunity to submit his comments in writing on the Local Coastal Program and has not done so. This constant haranguing is getting a bit tiring.

Commissioner Delgado stated that she is serious about getting community input. The document has been posted on the website, there is contact information for the DRP.

Gina Natoli said it was emailed to well over 100 people, with a link to the website, meeting schedule and request for input. She transmitted an email to DBH including comments from working groups.

Santos Kreimann stated that the reports prepared by the working groups have been on the website for several months, submitted in May of 2009.

Commissioner Delgado asked if the Argonaut can publish a story encouraging people to send in comments.

Carla Andrus suggested that kiosks be used to distribute information and commented on the boating study. .

John Rizzo stated that he has been doing this for 35 years and in 1978 he took busloads of people to special hearings in front of the Board of Supervisors which resulted in the issuance of policy statement 27.

Chairman Lesser commented that in local politics it is mostly volunteers, most of whom are honorable and do what was right for the community. Where more money is involved you have more problems.

Item 6d – New State Citizens Redistricting Commission

Chairman Lesser announced that they are looking for citizens to help on the Redistricting Committee.

Item 7a – Staff Reports

Gary Jones gave an update on the Parcels 49 and 77 RFP selection process. Santos Kreimann presented the remainder of the staff report in writing.

Chairman Lesser requested a sketch of the bike path and stated that people ride on the sidewalks because the streets are dangerous. Santos Kreimann responded that staff will make a presentation on bike paths at the next meeting.

Jon Nahhas expressed his unhappiness with the water increase, parking fees and guest dock fees. He wants to know how much the County is getting in fees and wants a more detailed report on unlawful detainers. He also complained that the Design Control Board had deleted comments from members of the public.

Carla Andrus stated that \$20 is too much to pay for a CD of the meeting minutes and the CDs should have tracks on them.

Santos Kreimann replied that the wholesaler who supplies water has increased its rates and this increase is simply being passed on. Paul Wong added that the rate increase was to offset the cost increase by wholesaler across the entire West Basin Water District. Chairman Lesser commented that we are in a drought.

Andy Bessette commented about the Redevelopment Project Status Report. He complained that the response to ban bicycles from the Promenade was a snap decision. He felt that the Coast Guard should perform shoaling maintenance.

Michael Tripp stated that the law prohibiting bicycling on sidewalks has existed for decades and this was not a snap decision.

A moment of silence was observed in memory of Harley Searcy, a long-time Commissioner and former Chairman of the Small Craft Harbor Commission.

Chairman Lesser adjourned the meeting at 11:56 a.m.

*A compact disc of the recorded meeting can be purchased from the Commission's secretary immediately following the meeting.
